

Pricing Guide

Our belief when compiling this price guide was to ensure we were transparent and to develop an easy to read and understand format, as well as adhering to the code.

This document has been prepared in accordance with the FAIR TRADING (Funeral code of Practice) Reg 2022

Our aim is to assist families in bringing together a ceremony that recognises the personality who's life is being celebrated, and to help establish a foundation for the healing process.

For many families this could be their first experience in saying farewell to a family member. We are here to assist you with the process of arranging a meaningful funeral.
